PRODUCT OR3: CENTRAL OPEN RACK

CENTRAL 19" Open Rack M-Series

FEATURES

For that situation where quick easy access to the equipment is of primary importance. Generally for the laboratory or workshop environment.

Fixed base with mounting holes for fastening down.

Load carrying capacity is influenced by the distribution of the load. However loads of 200kg suitably distributed could be considered safe.

ABOUT ANEKA RACK

We are the distributor of server racks, warehouse racks, and environmental monitoring solutions, based in Jakarta Indonesia. We have been in the server racking business since 2007, and we are supporting customers from many industries in all major cities in Indonesia, such as:

- Government minister offices and institutions
- Foreign embassies in Jakarta
- Government and private banks / financial institutions
- TV and radio stations
- Domestic and international airports
- System integrators
- Internet Service Providers
- Telecommunication companies
- IT consultancy companies
- Data centers and customer support centers
- Real estate developers
- Hotels
- Oil, gas, and Mining companies
- Universities and private schools
- SMEs
- And many more

In 2014 we setup the warehouse racking division.
